

MOUNTAIN CLIMBING!

YOU SUCCEEDED!

Rules: Mountain climbers start on box at bottom left of mountain. Roll a dice to see how many spaces you move ... if you land on a star, it means you've lost your footing and have fallen off the mountain - and game over. If you land on one of the open blue circles, you slide up to the solid blue circle landing spot. When rolling and moving, you can only go forward - no going backwards to avoid stars or to take advantage of circles. Good luck!
